

## BRIEFLETS.

—Few tramps.  
—Church day to-morrow.  
—Dirty days has September.  
—Between fifty and sixty spectators, ladies and gents, watched the Guards drill at their armory last night.  
—Stovepipes are coming in style as the weather gets more chilly. They are not to be taken off in the house.  
—At the song and praise service at the First Methodist church to-night "The Blood of Christ" will be the theme.  
—The Temple of Honor meeting had an unusually large attendance last night. Rousing speeches were made by several members, and there is a great promise of a revival of interest, and an increased enthusiasm in work.

—E. T. Foote says he wants "to speak mit you," and in another column he says some things which ought to be read, and if you don't believe his "11 horse" story go into the store and see for yourself. He is doing a thriving business.

—It is expected that the inspection of the militia here will take place on the 25th inst., and that Adjutant General Ed. E. Bryant will be present, at that time. It is probable that Cannon's hall will be opened on the evening of that date, and that there will be an exhibition of fancy drill, and the whole to conclude with a dance.

—There are still grave doubts about the Janesville Guards going to Rockford. Now that the competition drill is off there is no particular object in going, except as a pleasure trip, and while this would be very enjoyable, still the question of expense makes it rather unadvisable to many. Captain Smith informs us that the matter is not fully decided yet.

—In accordance with the announcement made some time ago, Dr. Brydon has arrived in the city and is making the Pomeroy house his headquarters. He will remain until the 15th of October, and can be consulted at any time without charge. He proposes to keep up these visits to Janesville regularly, every two months, as will be seen by his announcement given in another column.

—Last night prowlers were about the yard of O. C. Ford's residence. Mrs. Ford was awake at the time, and noticed a light flash at the window, and then she suddenly out, as though coming from a dark lantern. The dog commenced barking, and Mr. Ford prepared to give the prowlers their just dues, but they skipped out, without making any further attempt to gain an entrance to the house.

—The friends here of Judge Bump, of Black River Falls, will find some interest in reading the following item clipped from the local paper there: "Mr. Bump, county judge, went to Madison to attend the State Fair (?) the fore part of the week. Yesterday he telegraphed to the jeweler here to lay the number of his watch. Mr. Bump is old enough to know better than to wear a valuable watch to a Democratic State Convention."

—The burglar named Edwards, who was shot while trying to enter a store in Johnson's Creek, has since recovered, and on being brought before Judge Conger at Jefferson, pleaded guilty to the charges of burglary. He was sentenced to nine years in Waupun, five years on one count, three on another, and one year on a third. Edwards says he wishes that bullet had killed him, as he preferred death to being shut up so long.

—A little six year old son of Mark Langley, who lives on South Main street, got hold of a loaded shot gun yesterday afternoon, and while trying to shove it through the fence, the gun was discharged, causing a fearful wound in the little fellow's thigh. The injury is a very serious one, and its result cannot be told as yet with certainty, but there is strong probability that the boy will recover in due time.

—The Milwaukee & St. Paul company will commence at once driving piles at the little bridge near the gas house. The old timbers have become weakened, and some of them have slipped out of place, so that it became necessary a week ago to repair the bridge temporarily. It is intended to drive piles, and build a new bridge which shall be more substantial, and which shall be so built that the embankment cannot give way and weaken it. The new structure is to be made as solid and safe as rock. The pile-driver of the Northwestern road is to be employed for this purpose.

—Last evening the union forces made an attack on the Chinese laundrymen. The forces consisted of a crowd of lawless boys who delighted to throw onions at the harmless and industrious washers as they were standing at their work. It was fun for the boys, perhaps, and the Chinamen let them enjoy it for a while, then closed the door, but finding that the onions kept coming in over the transom, patience ceased to be a virtue, and the laundrymen with a wild whoop made a charge on the boys. It was not so much fun then. The boys run and yelled, but three or four of their number were captured, and cuffed, and were being dragged away to jail, when some men saved them from further punishment. It is a burning shame that the Chinamen cannot be allowed to follow their trade in peace, and the boys who thus delight to torment them should be taught by some severe lesson that such lawlessness is not fun.

—Mrs. Annie I. Knox is still very sick though there are good grounds for hoping for her recovery.

—Miss M. L. Peterson returns to-day from her month's visit to the East, and will resume her duties in the postoffice. She will be gladly welcomed home again.

—Mrs. G. F. Griswold, of this city, expected to sail from Europe for home on the 11th inst. She will probably spend the winter in the East, and will not return here until spring.

## A HEAVY BLOW.

Yesterday afternoon a serious accident occurred to one of the men at work on the Chicago & Northwestern pile driver, which was standing on the track at High street. One of the men was tightening the bolts of a brace, while another named David Craney was doing something on the ground near by. By some chance the brace slipped and fell, and struck Craney in the back of the head knocking him senseless. He was hurriedly picked up and carried into the depot, and Dr. Palmer was sent for, who on examination found a severe scalp wound but apparently no fracture of the skull.

A little later he was taken to his boarding place near by, and his family, who live at Carey Station, Illinois, were telegraphed for. The brace which struck him was a piece of four by six heavy oak timber, and had it struck him other than a glancing blow must have killed him instantly. As it is his injuries are quite serious, though of a nature to render it difficult to predict with any certainty what the result will be. To-day the injured man seems somewhat better though he still lies in a drowsy, semi-conscious state.

## THE WEATHER.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS.

The thermometer at 6 o'clock last evening stood at 70 degrees above; at 1 o'clock A. M., to-day at 52 degrees above; at 7 o'clock A. M., at 60 degrees above, and at 1 o'clock P. M., at 55 degrees above. Drizzling rain.

One year ago to-day at 7 o'clock A. M., the thermometer stood at 46 degrees above, and at 2 P. M. at 55 degrees above.

The indications to-day are, partly cloudy weather, occasional light rains in the two east districts, winds mostly northwesterly, stationary or lower temperature, and generally higher barometer.

Blowing down the chimneys of lamps to extinguish them is a common practice, and has cost many persons their lives. This dangerous practice is entirely unnecessary with the Harris & Smith Safety Lamp now for sale at the lamp stores.

## CITY NOTICES.
